

## Dove Cove Apartment Sized Rocks

At the spot where the main trail divides into two directions, turning to the right (east) leads to Dove Cove, where the odd-looking squirrel appeared to Brother Branham on Monday, September 20, and where the dove appeared to him on Tuesday, September 21, 1965.

#1 – The main trail  
(Phone Line Trail)

#2 – Dove Cove –  
Somewhere in this  
area, the dove was  
sitting when Brother  
Branham walked  
around it.

#3 – The two large  
rocks that Brother  
Branham described  
as being larger than  
his apartment on  
North Park Avenue.
